Class Action - Pelephone Communications Ltd.

Tel Aviv, Israel – November 20, 2019 – Bezeq The Israel Telecommunication Corp., Ltd. (TASE: BEZQ), announced today that, it received notice from its subsidiary, Pelephone Communications Ltd. (“Pelephone”), regarding a claim together with a class action certification motion that was filed against Pelephone and two other cellular companies (the “Respondents”) in the Tel Aviv District Court.

In the petition it is alleged, in connection with Pelephone, that in the past, it collected funds from its customers for third parties for content services by using the payment method deposited with Pelephone for payment of the cellular account, as opposed to the Pelephone license and legal provisions.

The petitioner in the claim set the amount of the group claim against each of the respondents for a total of NIS 400 million, in addition to compensation for each of the group members in the amount of NIS 500, which is an estimate of the non-pecuniary damages caused to the group members.

Pelephone is studying the details of the claim and the class action certification motion and neither it nor Bezeq can evaluate their likelihood of success at the present stage.
