

Bezeq - The Israel Telecommunications Corp. Ltd.

(the "Company")

December 8, 2022

Attn.
Israel Securities Authority
The Tel Aviv Stock Exchange Ltd.

Dear Madam/Sir,

Supplementary Immediate Report – Publication of a Tender for 5G 26-GHz frequency bands

Further to the Company's immediate report of August 15, 2022, regarding the publication of the Ministry of Communications of a non-binding memorandum of principles for the ongoing tender for 5G services, a supplementary immediate report is hereby issued that on December 7, 2022, the Company received notification from the subsidiary Pelephone Communications Ltd. ("Pelephone"), regarding the publication of tender documents for 5G 26-GHz frequency bands by the Ministry of Communications. In the tender, 25 pricing bands of 100 MHz each (a total of 2,500 MHz) are offered for pricing among the existing cellular operators (existing cellular networks), and each network may win up to 1,200 MHz (out of the 2,500). The tender includes the stage of meeting the threshold conditions and the dynamic pricing stage (the date of which has not yet been set). The minimum price for a pricing band will also be set at a later stage.

Pelephone will study the tender documents and its terms and conditions, and at this stage, neither Pelephone nor the Company is able to assess its implications.

Yours sincerely,

"Bezeq" The Israel Telecommunication Corp Limited
